Project for CIA Support of the Human Relations Area Files

REFERENCE: Memorandum for the Assistant Director for Research and Reports, from the Chief, [redacted] Office of Policy Coordination, same subject, dated 10 August 1951. 25X1A8a

The Office of Research and Reports has carefully considered the informal proposal for CIA support of the Human Relations Area Files outlined in the reference memorandum. Although this Office has a certain peripheral interest in the files and recognizes that the project could well contribute to the intelligence requirements of other offices of CIA, it is felt that the results of the program would not be of sufficient specific value to ORR to justify its participation in financial support at this time.
